

Primary student use of mobile phones and personal devices

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

This policy should be read in conjunction with our site ICT Agreement and BYOD Agreement.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Devices handed to staff will be stored securely during the school day and can be collected by students before dismissal.

If the student does not comply

This is seen as a breach of our policy and a behaviour issue. Parents will be contacted to discuss the behaviour and to collect the device from the school.

Further consequences may result from continued misuse including behaviour consequences in line with our school behaviour policy for non-compliance.

While confiscation is unlikely – parents may be asked to collect devices that are securely stored from school if policy is not followed by students.
